

| Presupuesto                       |                                                        |
|-----------------------------------|--------------------------------------------------------|
| Número de pieza                   | BZM55C36-TR                                            |
| Fabricante                        | Vishay / Semiconductor - Diodes Division               |
| Descripción                       | DIODE ZENER 500MW MICROMELF                            |
| Categoría                         | Productos Semiconductores Discretos > Diodos - Zener - |
| Estado de la pieza                | 7803 pcs Stock                                         |
| Tensión - Zener (Nombre) (Vz)     | 36V                                                    |
| Tensión - directo (Vf) (Max) Si @ | 1.5V @ 200mA                                           |
| Tolerancia                        | -                                                      |
| Paquete del dispositivo           | MicroMELF                                              |
| Serie                             | Automotive, AEC-Q101                                   |
| Potencia - Max                    | 500mW                                                  |
| embalaje                          | Tape & Reel (TR)                                       |
| Paquete / Cubierta                | 2-SMD, No Lead                                         |
| Temperatura de funcionamiento     | -65°C ~ 175°C                                          |
| Tipo de montaje                   | Surface Mount                                          |
| Impedancia (Max) (ZZT)            | 220 Ohm                                                |
| Corriente - Fuga inversa a Vr     | 100nA @ 27V                                            |
|                                   |                                                        |

|                                                                                                                                                                                               |                                                                                                                                                                                                 |                                                                                                                                                                                                 |                                                                                                                                                                                                  |
